Dear Frank, --

Dorothy

has been having
some pictures finished
& asked me to send
the enclosed negative
to you. I wish your
face had been among
the group on the
porch, instead of
that elderly person

(she is sitting next to your wife) who looks as if sorrow's crown of sorrow was just around the corner. Ellen's picture is good; so is Elsie's, & I like her easy natural attitude; the two Aunts are admirable & Dorothy's head rises like a moon between them.

The Winnipeg Free Press
has the kind of review that
is a pleasure to read.
The kind that gives the
reader enough of the book's
flavor to sharpen his
appetite for more. On
the whole the reception
given your work is
decidedly encouraging.
No one is more pleased
about it than your fellow - writer
